

Preventing  
Violence  
Against Children  
and Youth

## Prevention in Motion

DURATION: 4 HOURS ONLINE

# JOIN THE MOVEMENT TO PROTECT CHILDREN AND YOUTH

Violence is a multi-faceted, worldwide problem with profoundly negative effects on children and youth.

**Prevention in Motion** is a dynamic online educational program that helps adults, who work with children and youth, prevent violence. It teaches how to recognize and mitigate emotional, physical and sexual abuse, and neglect.

By understanding violence, participants can:

- Develop strategies to protect children and youth
- Learn how to properly intervene
- Build safe environments for children and youth

The **Prevention in Motion** program is user-friendly and provides the following benefits:

- Can be paired with in-person learning to meet customized delivery needs
- Saves progress in convenient format so users can complete the course at their own pace
- Provides resources and tools to help prevent violence and abuse
